Complaint Resolution Communication

Hockey Canada and its Members want to end the culture of silence that exists in parts of hockey. To help ensure that we are a safe space for raising concerns, Hockey Canada has established a new, fully independent, and confidential reporting mechanism for all individuals regarding any incidents involving Hockey Canada sanctioned programming as outlined in the Action Plan. This reporting mechanism is known as the Independent Third Party (ITP).

The role of the ITP is to receive all hockey related maltreatment, sexual violence, harassment, abuse or discrimination complaints by anyone affiliated within Hockey Canada programs.

Complaints can be submitted by email to complaints@sportcomplaints.ca

The 24-Hour Rule

When an issue occurs and a party has a resulting complaint to make or issue to be resolved, they are asked to wait 24 hours, then put the issue in writing and submit it to the appropriate party. Whether this issue is labelled as coaching error, team mate interference, parent conflict or any other of a number of possible situations, it is very important that all parties involved take the full 24 hours to remove or decrease the emotional element so that the actual issue can be resolved quickly, in a civilized manner, and to everyone's satisfaction.

Any game forfeited shall carry a score of 5-0 against the offending team. Individual records, if any, shall count in the overall statistics.

23.11. Tie Breaking Sequence Two Teams Tied

If two or more teams are tied at the conclusion of a round robin series, then the following procedure will be used to determine the final ranking before the semi-final and

final games are played. In the event that teams are tied for a playoff position, the following procedure will apply: If two teams are tied:

a) The winner of the round robin game between the two tied teams gains the higher position.

b) The team with the most wins in the round robin gains the higher position.

c) If the two teams are still tied after 1)a and 1)b have been applied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner:

Total number of goals for divided by the total number of goals for and against.

NOTE: All round robin games are included.

Example: For = 10 goals Against = 4 goals

Therefore, Goal Average Percentage = 10 (Goals For) divided by

10+4 (Goals For plus Goals Against) = .714

NOTE: The higher percentage gains the higher position

d) If the two teams are still tied after 1)a, 1)b, and 1)c have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.

e) If the two teams are still tied after 1) a., 1) b., 1) c., and 1) d. have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.

f) If the two teams are still tied after 1)a, 1)b, 1)c, 1)d, and 1)e have been applied, a single coin toss will determine which team gains the higher position.

Three or More Teams Tied

Note: The three-team tiebreaker is used to determine the seeding of the 1st, 2nd, 3rd seed. If any step in the tiebreaker only seeds one team, that team assumes that position. The three-team tiebreaker will continue to determine the seeding of the two remaining teams. At no time will teams using this formula go back to the two-team tiebreaker.

If three teams or more are tied, the head-to-head record between tied teams will determine who advances. If the tied teams have not all played each other, proceed to 2a.

NOTE: All round robin games are included

Example: For = 10 goals Against = 4 goals

- a) The team with the most wins would gain the highest position.
- b) If teams are still tied after 2) a. has been applied, then the team with the best goal average gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

Therefore, Goal Average Percentage = 10 (Goals For) divided by 10+4 (Goals For plus Goals Against) = .714

NOTE: The highest percentage gains the highest position(s).

The exercise of 2)b establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the "Two Team Tiebreaker". Example

i. Team A - .714 = 1 seed - Advances. Team B - .500 = 3 seed - Does not advance. Team C - .650 = 2 seed - Advances.

ii. Team A - .714 = 1 seed - Advances. Team B - .500 = Still tied with team C - go to next step 2)c. Team C - .500 = Still tied with team B - go to next step 2)c.

iii. Team A - .650 = Still tied with team B - go to next step 2) c. Team B - .650 = Still tied with team A - go to next step 2)c. Team C - .500 = Does not advance.

c) If teams are still tied after 2)a, and 2)b, the team with the fewest goals against (all round robin games played) will gain the highest position.

d) If teams are still tied after 2)a, 2)b, and 2)c, the team with the most goals for (all round robin games played) will gain the highest position.

e) If teams are still tied after 2)a, 2)b, 2)c, and 2)d, have been applied, the team to qualify would be the team that received the least number of minutes in penalties throughout all the round robin games.

f) If teams are still tied after 2)a, 2)b, 2)c, 2)d, and 2)e, have been applied, a coin toss shall determine the winner. In a three-team coin toss, the odd team gains the highest position.

23.12. The Chairman of the HNSMC shall appoint an officer of the council /League President or Regional Director to hear and rule without delay on any protests or disputes arising during a Provincial Championship tournament. The requirement for a protest fee is waived. However, should a participant wish to appeal a ruling of the appointed officer, the provisions of Regulation 13.12 must be met.

23.13. 23.16. An awards selection committee shall be appointed by the host Minor Hockey Association. Representatives of this committee shall attend all games to make their selection on ability displayed during the tournament. All teams involved may have representation on the awards selection committee if they request same when forwarding their team information to the organizers.

23.17. A tournament report, including income and expenditures, problems encountered, and recommendations shall be submitted to the HNS Regional Director within 15 days of the completion of the tournament. 24.6. The host Minor Hockey Association must supply minor officials, including scorekeepers and timekeepers. The four (4)-person officiating system must be used for all games.

24.7. Failure to present player credentials, to appear for any game as scheduled, or to complete any game, shall result in forfeiture, and possible suspension from further play. Any game forfeited shall carry a score of 5-0 against the offending team. Individual records, if any, shall count in the overall statistics.

24.8. Tie Breaking Sequence

Two Teams Tied

If two or more teams are tied at the conclusion of a round robin series, then the following procedure will be used to determine the final ranking before the semi-final and final games are played.

In the event that teams are tied for a playoff position, the following procedure will apply:

1) If two teams are tied:

a) The winner of the round robin game between the two tied teams gains the higher position.

b) The team with the most wins in the round robin gains the higher position.

c) If the two teams are still tied after 1)a, and 1)b, have been applied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner:

Total number of goals for divided by the total number of goals for and against.

NOTE: All round robin games are included.

Example: For = 10 goals Against = 4 goals

Therefore, Goal Average Percentage = $10 \text{ (Goals For)} \div 10+4 \text{ (Goals For plus Goals Against)} = .714$

NOTE: The higher percentage gains the higher position.

d) If the two teams are still tied after 1)a, 1)b, and 1)c have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.

e) If the two teams are still tied after 1)a, 1)b, 1)c, and 1)d have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.

f) If the two teams are still tied after 1)a, 1)b, 1)c 1)d, and 1)e have been applied, a single coin toss will determine which team gains the higher position.

Three or More Teams Tied

Note: The three-team tiebreaker is used to determine the seeding of the 1st, 2nd, 3rd seed. If any step in the tiebreaker only seeds one (1) team, that team assumes that position. The three-team tiebreaker will continue to determine the seeding of the two (2) remaining teams. At no time will teams using this formula go back to the two (2)-team tie breaker.

2) If three (3) teams or more are tied, the head-to-head record between tied teams will determine who advances. If the tied teams have not all played each other, proceed to 2a.

a) The team with the most wins would gain the highest position.

b) If teams are still tied after 2)a, has been applied, then the team with the best goal average gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

NOTE: All round robin games are included

Example: For = 10 goals Against = 4 goals

Therefore, Goal Average Percentage = $10 \text{ (Goals For)} \div 10+4 \text{ (Goals For plus Goals Against)} = .714$ NOTE: The highest percentage gains the highest position(s).

The exercise of 2)b. establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the "Two Team Tiebreaker" Example:

i. Team A - $.714 = 1 \text{ seed}$ - Advances Team B - $.500 = 3 \text{ seed}$ - Does not advance
Team C - $.650 = 2 \text{ seed}$ - Advances.

ii. Team A - .714 = 1 seed - Advances Team B - .500 = Still tied with team C - go to next step 2)c. Team C - .500 = Still tied with team B - go to next step 2)c.

iii. Team A - .650 = Still tied with team B - go to next step 2)c. Team B - .650 = Still tied with team A - go to next step 2)c. Team C - .500 = Does not advance

c) If teams are still tied after 2)a, and 2)b. The team with the fewest goals against (all round robin games played) will gain the highest position.

d) If teams are still tied after 2)a, 2)b, and 2)c, the team with the most goals for (all round robin games played) will gain the highest position.

e) If teams are still tied after 2)a, 2)b, 2)c, and 2)d, have been applied, the team to qualify would be the team that received the least number of minutes in penalties throughout all the round robin games.

f) If teams are still tied after 2)a, 2)b, 2)c, 2)d and 2)e have been applied, a coin toss shall determine the winner. In a three (3)-team coin toss, the odd team gains the highest position.

24.9. The Chair of the HNSMC shall appoint an officer/League President or Regional Director (Add) of the Council to hear and rule without delay on any protests or disputes arising during a Provincial Championship tournament. The requirement for a protest fee is waived. However, should a participant wish to appeal a ruling of the appointed officer, the provisions of Regulation 13.12 must be met.

24.10. A meeting of tournament officials, coaches and managers, the referee assignor, and a representative of the HNSMC, can be held virtually on the Tuesday evening or two (2) hours before the start of the tournament in person to familiarize all parties with the rules and regulations. All teams must have a representative at this meeting. Final decision on the meeting type will be by majority. Final signed rosters are to be submitted prior to the first game of any team.

24.11. HNS shall provide appropriate individual and team recognition for the winning team. The host Minor Hockey Association will be provided with the official HNS gold, silver and bronze medallions, Championship Banner, Championship Plaque and Fair Play Banner/plaque to be presented at the conclusion of the tournament. Fair Play banner/plaque to be selected as the "most sportsmanlike team". HNSMC will provide funding to each Provincial host to help offset the cost of hosting. The formula for providing the funding will be determined by HNSMC Executive and announced annually when provincial hosts are selected.

24.12. The host Minor Hockey Association shall provide, as a minimum, eleven (11) trophies as follows: all-star team (six), most valuable player (one), best goalkeeper (one), best defenseman (one), top forward (one), and sportsmanship award (one). The awards plus the bronze medals shall be given out after completion of the cross over games. Bronze medals are awarded to the highest seeded team that loses in the semi final round.

24.13. An awards selection committee shall be appointed by the host Minor Hockey Association. Representatives of the committee shall be at all games to make their selection on ability displayed during the tournament. All teams involved may have representation on the awards selection committee if they request same when forwarding their team information to the organizers.

24.14. A tournament report, including income and expenditures, problems encountered, and recommendations shall be submitted to the HNSMC Chair within fifteen (15) days of the completion of the tournament. The information will assist Council in assessing the tournaments and providing information to Minor Hockey Associations planning to host a tournament.

24.15. The Host Minor Hockey Association shall conduct a tournament skills competition as a condition of hosting. The skills competition format will be provided annually by Hockey Nova Scotia's Technical Director and shall involve participants from all competing teams. The Host Minor Hockey Association shall also provide awards for each of the skills competition events. A game specified suspended player is allowed to participate in the skills competition. A player under indefinite suspension is not allowed to participate.

24.16. One (1) 30-second time out, per team, will be permitted in each game including overtime.

REGULATION TWENTY-FIVE - CODE OF DISCIPLINE

25.1. The Hockey Nova Scotia Code of Discipline and Minimum Suspensions is located in a separate standalone document, which can be found immediately following the regulations section.

Suspension notices will be forwarded to the local MHA and will include the following directions that are to be provided to the suspended player or coach.

- 1. The suspended member will not be permitted to participate in any capacity whatsoever in exhibition, jamboree, tournament, league or play-off games until midnight on the Date of Expiry listed below or for the number of games listed below, whichever expires first.**
- 2. The suspended member may not act in any capacity within the confines of our Association or Affiliated Organizations until midnight on the Date of Expiry listed below or for the number of games listed below, whichever expires first.**
- 3. Meaningful and approved games-(In addition to Regulation 1.13) Meaningful Games are regularly scheduled games, sanctioned tournament games and pre-approved exhibition games verified on the Hockey Canada Registry (HCR) by the Regional Director or their designate. Any games that are added to the schedule after a suspension has occurred, will not count as meaningful games. A game must take place in order to count towards a suspension.**

REGULATION TWENTY-SIX - OFFICIALS

26.1. On-ice officials (referees and/or linesmen) must be registered and in good standing with HNS.

26.2. Minor Hockey Associations through their Referee in Chief are responsible for assigning capable officials for all games within their jurisdiction. This should take into consideration maturity and physical capabilities as well as the level of certification held by an official. During inter Minor Hockey Association games on-ice officials shall not be a member of the executive of the Minor Hockey Association of either of the competing teams except by mutual written consent of the head coach of the participating teams.

26.3. Referees and linesmen should be appropriately dressed for their role, including black (or dark blue) and white striped sweater, black (or dark blue) pants, and CSA approved hockey helmet, preferably black with a clear plastic half-face shield.

26.4. Minor Hockey Associations and leagues may use either the two-man or three-man officiating system for exhibition, league and tournament games within their jurisdiction

with the approval of the Regional Director. Does not apply to U18, U16, U15 Major, U15 AA and U13 AAA.

26.5. The three-man system (consisting of one (1) referee and two (2) linesmen) must be used for all Regional, Inter-Regional and Provincial playoff games (exception: four (4) officials must be used for U13 AAA, U15 AA, U15 Major, U16 and all U18 excluding C). The referee for these games must have at least Level 3 certification and the linesmen Level 2. If officials with these qualifications are not available, the appropriate authority (Zone Supervisor for Officials, Regional Director, Conference Coordinator, or Chair of Minor/Female) may approve assignment of officials with a lower skill level or the use of the two-man system. No protests will be allowed in this respect.

26.6 All hockey at U18 B and above (Minor and Female) must be officiated using four (4) officials. A minimum of three (3) officials must be used for U18 C. It is highly recommended that the four (4) official system also be used at U18 C.

26.7. Unless unavoidable, and only if agreed to by coaches in writing, a referee or linesman shall not officiate in any game in which a participant is related in any way.

26.8. Officials (referees) shall report all Minor/Female game misconducts, gross misconducts and match penalties which lead to a suspension under the HNS Code of Discipline to the HNSMC Suspensions Coordinator at suspensions@hockeynovascotia.ca

26.9. All Minor Hockey Associations, through their President and Referee in Chief, must ensure that officials playing both Minor Hockey and officiating hockey, only referee games up to one division below the level they presently play. (These officials may continue to act as a linesman for games within the division in which they play hockey. EXAMPLE - A U18 player could do lines for any U18 game, but only referee U15 and below.) Associations who find this taxing their officiating resources may make application to the Officiating Committee for exception. We expect applications for exception would only be submitted from smaller Minor Hockey Associations because of their limited resources.

26.10. All Minor Hockey Associations, through their Association President, shall appoint or elect a Referee in Chief who is either a registered referee with HNS or retired referee previously registered with the Hockey Canada/HNS officiating system.

REGULATION 27 – RELEASES AND TRANSFERS

27.1. Releases only apply to players in the Major U18, Major U15 and Female U18 AAA leagues. There may be unusual circumstances where a player who does not play in one of these leagues needs a release. Such requests along with documentation outlining why a release is necessary must be sent to the Executive Director of HNS. The request with the documentation will be forwarded to the appropriate committee for review and action.

27.2. A player desiring to move from a team in their geographical boundaries to another within HNS must first secure a release in writing from the club or team of which he is a member. Such release shall be filed with the HNS Executive Director along with the new registration data. In the event of a team using a player not properly registered, HNS shall have the right to discipline the team as they see fit.

27.3. Even though a release has been obtained, the HNS Executive shall have the right, in its discretion, to refuse the release from a team within HNS to another team within HNS.

27.4. Where the release of a player is required, it shall be effective only if signed by the President and Secretary or by the designated signing Officers of the team of which the player is a member.

27.5. All releases shall be unconditional (subject to Regulation 28.3). A player receiving a release shall have the right to remain with the new team if he/she wishes. If he/she wishes to return to his/her original team at the end of the playing season to try out for the team for the next season, they have that right. No player receiving a release can be forced to return to his/her original team.

A player that transfers to another team after being released must notify the league registrar of their intent to return to their home association/regional team by April 12th, otherwise they will remain with their current team.

27.6. Transfers are for players who do not play on one of the leagues referred to in Reg. 28.1 and shall be for no longer than one playing season. At the end of the playing season for the year the transfer was in place, the player shall return to their MHA. If the player who receives a transfer wishes to transfer in subsequent years, they must re-apply for new transfers each year. The request, along with the documentation as to why the request is being made, must be forwarded to the appropriate Regional Director. The Regional Director will discuss with the Conference Coordinator for Minor and the Female Regional Director with the Chair Female Council for Female Minor before a decision is made. This includes ensuring that the receiving MHA has agreed to the transfer. No request for a transfer shall be unreasonably withheld.
